Spring 2021 Workshop Newsletter

Welcome to our Spring 2021 edition of the Equine Photographers Network round-up of workshops. If you love horses and photography like we do, you are sure to find an adventure awaiting you below.

Photograph the Camargue White Horses

Camargue, France

April 28 - May 2 & October 20 - 24 or 27 - 31

Join photographer Patrice Aguilar in the village of Les Saintes Maries de la mer in the south of France for an amazing adventure photographing the famous Camargue white horses. Offering eight sessions with horses on the beach and in the sea, in the ponds and marshes and on land with a team of professional guardians (riders

from Camargue). This is an opportunity to photograph the Camargue Horses in the best conditions. We guarantee lots of fun, as well as spectacular images!

It will be also possible to photograph young foals with their mothers in spring season as well as stallions fighting! Each session will occur early in the morning or late in the afternoon in order to get the best light.

Onaqui Utah Wild Horse Photo Workshop

June 4 - 7 or September 3 - 6, 2021

Join Lisa Dearing for 4 days of photographing the beautiful and diverse Onaqui wild horses of Utah. This is one of the most dynamic, colorful and easiest herds of wild horses to photograph. They number around 350 and are divided into various bands that live within a large high desert valley rich in wildlife and scenic diversity. The bands of wild horses include mares, foals, and stallions, which frequently overlap with each other forming larger herds.

This photo safari is limited to 5 people to keep the group small so the

experience will be relaxed and more focused on learning. We will be driving on good dirt/gravel roads in the Onaqui Herd Area and also be hiking short distances of less than a mile on foot to access the horses. We will be photographing in the early morning and late afternoon to capture the good light and follow the movement of many bands of wild horses. We will safely and unobtrusively photograph many wild horses but be ready for lots of action! Workshop participants will also be able to see and enjoy the beauty and diversity of the Onaqui HA/HMA, which is rich in other wildlife and scenic attractions.

Montana Adventure Photography Tour and Workshop

Crazy Mountains, Montana

June 6 - 12, 2021

Join landscape, nature, wildlife, and adventure photographer Jake Kielbus for 6 days and nights during an epic photography workshop. Our destination is

historic Sweet Grass Ranch nestled in one of the most scenic settings outside of Big Timber, Montana in the Crazy Mountains. It's truly a photographers dream; a landscape of paradise. If you have the desire to progress at landscape, wildlife, horse and astrophotography, then this remote retreat is perfect for you!

Jake will be instructing and leading up to 10 participants during this prime time photography season in the Crazy Mountains of Montana. Jake's main purpose is to share with eager photographers how to cultivate their own creativity. Your level of photography experience is second to your desire for learning and practicing. There will be ample shooting opportunities to photograph sensational sunrises and sunsets, atmospheric landscapes, beautiful horses and the Milky Way. Jake takes great care in selection of the best lighting locations as he has been photographing the area for 9 years! In class post-processing techniques will be taught each and every day as well. Sweet Grass Ranch is a magical destination; a place where wild horses run free and open space is endless.

Photo Encaustic Equine Workshop

*Eatons' Ranch, Bighorn Mountains,
Wyoming
September 11 – 17, 2021*

Turn your horse images into unique artwork.

This is a one-of-a-kind experience to photograph horses and create objects of art all in one workshop.

This 5-day, 6-night workshop is unlike any other as it incorporates shooting, editing, and spending hands on time in a studio creating paintings with your images, beeswax, and pigments. [Learn more](#) about the artist process of adding beeswax and pigments.

We'll be up early with over 200 horses as they are wrangled in from the mountain pasture. We'll be riding and shooting in the mornings and working in the studio in the afternoon and evenings. There will be plenty of opportunities to create images of horses at liberty, cowboys/cowgirls and western life. This fully immersive artistic experience is designed to accommodate all levels of photographers.

In this workshop you'll get out of your normal routine and completely shift your perspective on turning your horse images into unique artwork that draws people to your image. It's been a long year and it's time to get away, to play, and expand your artistic vision by immersing yourself with like-minded artists in an amazingly beautiful setting.

Rodeo Western Lifestyle Photography Workshop

*Decatur and Wise County, Texas
October 6 - 10, 2021*

Texas Vision is a new type of photography adventure with an old West twist. Decatur and Wise County are a breeding ground for professional rodeo cowboys. This is the home of several world champions and NFR

qualifiers, some of which you will have the pleasure of photographing at the workshop.

Each day will be a combination of class instruction, review of images and shooting rodeo and western lifestyle. You will even take part in a sunset chuck wagon dinner on the ranch. You will experience shooting action, lifestyle, portraits and day to day life on a working ranch. The skills learned can be applied to all areas of photography.
